Date

NOTES FOR PARENT/GUARDIAN TO KEEP

Monday, June 17 – Friday, June 21, 2019 from 9:00 a.m. - 12:00 p.m.

This one-week session is conducted by members of our teaching staff. The classes have educational components of storytelling as well as math and science as we explore the outdoors and conduct some experiments and observations indoors. More of our time will be spent outdoors, weather permitting, and our schedule will be more flexible than during the school year. It is an opportunity to spend some more time with CNS friends before the official start of summer. Please apply sunscreen at home and wear sneakers, a hat or jacket, if needed. A snack will be served and water will be available. **Please call if your child will be absent or if someone else is picking up your child in the event of a change in plans. 732-491-2240**

THANK YOU
